# GTG40 Angle Turbine Grinder

Feel the power. Boost the performance.

Arguably the most powerful handheld grinder on the market, the GTG40 angle turbine grinder sets the standards in the industry. Thanks to its revolutionary one step turbine motor, the tool takes less time to do the same job. Delivering incredible power for its size and weight, the GTG40 range solves your rough grinding applications.

Integrated  
Autobalancer

Ergonomic  
light weight  
design

Highest  
material  
removal rate  
in its class

Highly efficient turbine motor

Overspeed shut-off device

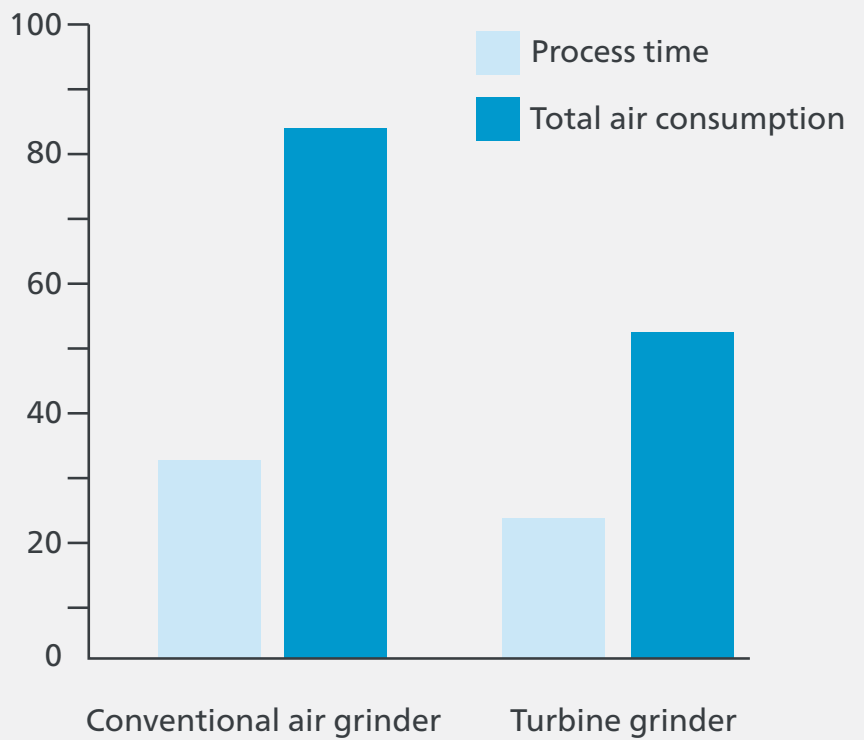

Precise speed governor

Reduced risk of vibration related injuries

Increased accessibility

Adjustable wheel guard

## MORE EFFECTIVE

The turbine motor is more efficient than a conventional grinder motor. Therefore it takes less time to do the same job. Also the total air consumption will be a lot less for a specific job.

Model	Max free speed (r/min)	Max output (Kw)	Max wheel/ pad dia (mm)	Spindle thread	Spindle length (mm)	Weight (kg)	Height (mm)	Height over spindle (mm)	Air consumption at max output (l/s)	Air consumption at free speed (l/s)	Rec. hose size (mm)	Air inlet thread BSP	Auto balancer	Ordering No.
